

SAGA

Saga : Dark Ages Skirmishes

These are new erratas, that come in addition to the previously published FAQ dealing with the core rulebook.

Errata

Harald Hardrada

The Varangians of Hardrada are limited to 8 models rather than 12 as indicated in the rulebook.

Ragnar Lothbrok

Replace **The Raider** special rule with the one below ::

The Raider: at the start of the Orders Phase, after having rolled your Saga Dice but before placing them on your Battelboard, you may decide to discard two Saga Dice of your choice. If you do, all units in Ragnar's warband will have a free activation this turn, without the need to spend any SAGA die.

Jarl Sigvaldi and the Jomsvikings

Add at the end of the **Leader** paragraph:

During each melee, Sigvaldi's unit cancels automatically one hit, in the same way as the Warlord with their Resilience special rule.
